

MASTRIVE — Comprehensive User & Ecosystem Flow

This document outlines the complete user journey and technical flow across the **MASTRIVE** platform, designed to maximize user retention, streamline payments, and support automated instructor payouts.

1. High-Level Architectural Flowchart

2. Detailed Step-by-Step User Journeys

A. Authentication & Role Routing Flow

- Entry Point:** User opens site or clicks "Sign In" / "Book Session" / "Become an Instructor".
- Auth Modal Triggered:**
 - Choice 1: Continue with Google (One-click OAuth).
 - Choice 2: Email OTP (Magic Code sent to email).
- Identity Resolution:**
 - New User:** Account created → Prompt short onboarding (Name, Preferred City/Delhi Region).
 - Returning User:** System checks database flag `is_instructor`.

- If `is_instructor === false` : Direct to requested page (e.g., Checkout).
- If `is_instructor === true` : Show primary user interface + "Switch to Instructor Dashboard" option in top header avatar menu.

B. Discovery & Booking Flow (Student / User)

[Search / Filter] → [Select Instructor Profile] → [Choose Date & Slot] → [Booking Confirmed] ← [Escrow Hold] ← [Payment Gateway] ← [Apply Wallet Bc

1. Discovery:

- Filter by Category (Fitness, Music, Tech, Lifestyle).
- Filter by Location Mode: *In-Person* (e.g., South Delhi, Gurgaon) vs. *Live Online Stream*.

2. Slot Selection: User selects an available date and time slot configured by the instructor.

3. Checkout & Payment Breakdown:

- Displays full transparent pricing (No hidden fees at step 3):

Session Fee:	₹1,000
MASTRIVE Wallet Balance:	- ₹ 200

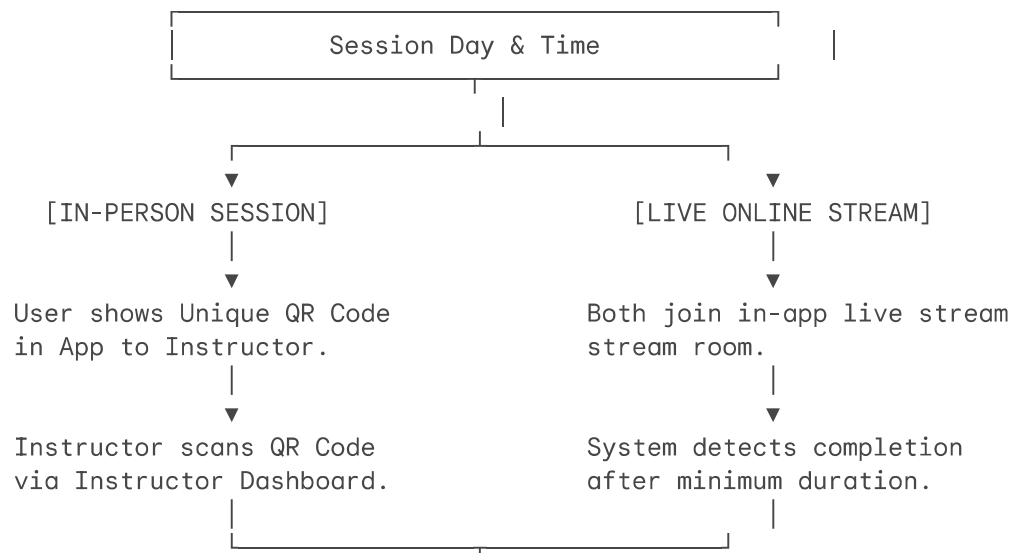

Total Payable:	₹ 800

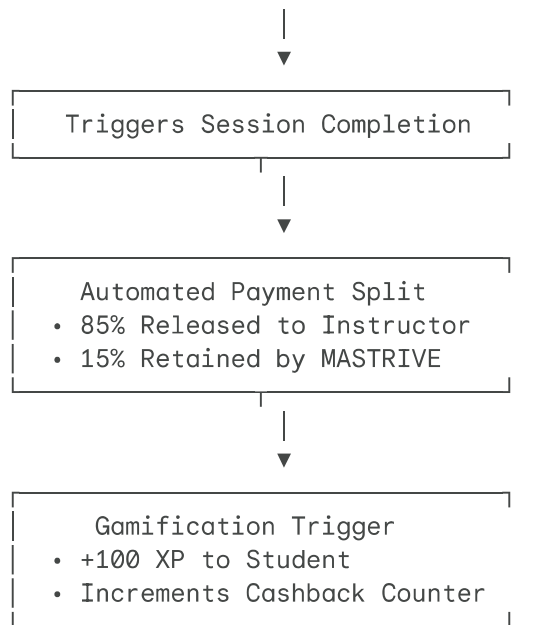

4. Payment Gate Processing (Razorpay / Cashfree):

- Supports UPI, Credit/Debit Cards, NetBanking.
- **Funds Status:** Payment is authorized and placed into **Platform Escrow Hold**.

C. Session Delivery & QR Check-In Verification Flow

To guarantee safety, prevent direct off-platform cash deals, and ensure instant payouts, session completion is verified programmatically:

D. Gamification, XP & Anti-Disintermediation Loop

To keep users paying **on-platform** instead of dealing directly with instructors:

1. XP & Tier Progression:

- Every completed booking awards **+100 XP**.
- Tier Levels: *Bronze* → *Silver* → *Gold* → *Platinum*.
- Tier Perks: Priority tournament access, discount vouchers, lower cancellation penalties.

2. Milestone Cashback (Every 10 Bookings):

- Transaction Counter tracks valid on-platform bookings: Completed: [8/10] .
- Upon reaching **10 transactions**, system automatically deposits **₹250 Cashback** directly into their **MASTRIVE Wallet**.

3. In-App Messaging Guardrails:

- Chat remains active between booked student and instructor.
- Smart Keyword Filter: Detects terms like *"Google Pay me"*, *"Pay cash"*, or phone numbers.
- Triggers safety alert banner: *"Transactions completed outside MASTRIVE forfeit refund protection and XP rewards."*

E. Instructor Onboarding & Dashboard Flow

[Apply / Onboard] → [Set Operating Region] → [Configure Slots & Rates] → [Dashboard]
 [Scan QR Code / Complete] ← [Receive Live Booking] ← [View Calendar] ← [Dashboard]

1. Onboarding Page (/instructor):

- Fill short form: Primary Skill, Hourly Rate (₹), Operating Location (e.g., Hauz Khas / Gurgaon).

- Submit ID / UPI / Bank Account details via Razorpay Route vendor onboarding API.

2. Dashboard Overview (/dashboard/instructor):

- **Tab 1: Upcoming Sessions**
 - List of confirmed student bookings.
 - Integrated **QR Scanner** button to verify in-person clients.
- **Tab 2: Calendar & Availability**
 - Set active hours and block days off.
- **Tab 3: Earnings & Payouts**
 - Real-time metrics: Total Gross Earned, Platform Commission deducted, Net Bank Payouts.
 - Direct payout status via API (Automated weekly or instant settlement).
